During travel

International SOS - protecting you is our priority.

UQ has a duty of care to its authorised travellers. Travellers also have a shared duty of care and responsibility to minimise their risks when travelling.

**International SOS (ISOS)** provides UQ travellers with 24/7 routine and emergency assistance.

Contact ISOS at the first sign you need assistance. Do not try to solve the problem without involving the experience of ISOS, as this may prejudice your right to assistance or reimbursement via UQ's Travel Insurance policy. If your medical costs might exceed AUD500, you should notify ISOS before proceeding further (exceptions for serious illness/injury causing incapacitation). ISOS & UQ have an expectation that travellers will have access up to AUD500 funds for medical treatment.

2. Obtain the relevant supporting documentation (e.g. police report, carrier document, invoices, medical reports, proof of ownership etc.);
3. We recommend you lodge your claim within 30 days of the incident / illness / loss to ensure you have the opportunity to obtain any additional supporting documents requested by the insurer;
4. Email your claim to insuranceclaims@uq.edu.au

**Pre-travel**

**Am I eligible for UQ's travel insurance?**

Automatic travel insurance coverage applies to UQ staff undertaking journeys more than 50km from their normal place of residence, which involves an overnight stay and is either:

- Approved University travel as per 1.90.01 UQ Travel Policy and Procedures; or
- Approved work off campus as per 2.30.09 Work Off Campus Policy and Procedures.

When am I covered?

You are covered by UQ's Travel Insurance for journeys less than 12 months duration, which meet the definition of Business Days in the UQ Dual Purpose Travel Guide:

- A day on which official UQ business is conducted;
- A day on which an employee travels to/from the employee's usual place of business (usually Brisbane) for official UQ business purposes;
- A day on which an employee travels to a location for official UQ business purposes;
- A weekend during the trip, where the preceding Friday and following Monday are official UQ business days;
- A public holiday during the trip, where the preceding day and the following day are official UQ business days; and
- A ‘recovery day,’ which is the day following the day where an employee has completed a flight of 7 or more hours, provided the day after the recovery day is used for official UQ business.

As well as Business Days, you will be insured for up to 2 private gap days per week, within the country(s) in which you are conducting UQ business.

You will require your own private travel insurance for any other private travel.

**Private travel insurance**

Insurance can be arranged through Chubb [http://uni.chubbtravelinsurance.com/qld](http://uni.chubbtravelinsurance.com/qld) or an insurer of your choice. The purchase of Chubb Insurance for your private travel is between you and Chubb, and in no way associated with the University.

**Employees based overseas**

If you plan to reside and work in another country as an employee of UQ, please visit our [Employees based overseas web page](http://www.uq.edu.au/employeesoverseas) to obtain information about the insurance cover you should consider.

Arranging appropriate insurance cover is not always straightforward and plenty of time should be allowed.

## Frequently Asked Questions

### Will you give me a personal policy number I can quote for this insurance?

You won’t receive a personal policy number. You are insured under UQ’s Travel Insurance policy number 01PP529201.

### What if I’m travelling to my home country or have dual citizenship?

Benefits payable under UQ’s travel insurance policy may be reduced if you are covered by your home country’s medical benefits / scheme due to residence requirements.

### Should I take out insurance when I rent a car overseas?

You need to take out comprehensive insurance and all compulsory motor vehicle insurance provided by the rental organisation. You do not need to buy the optional excess ‘buy-down,’ which is often offered by the rental car company.

### Does UQ’s Travel Insurance cover me when I’m pregnant?

UQ’s Travel Insurance policy provides medical cover for pregnancy complications or other similar emergency situations during any stage of the traveller’s pregnancy. This is conditional on the pregnant traveller not travelling against medical advice or otherwise unfit to travel.
